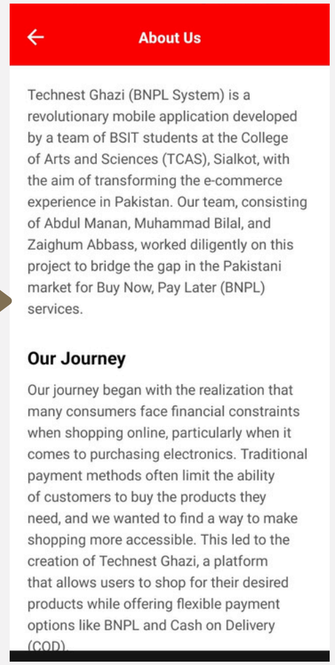
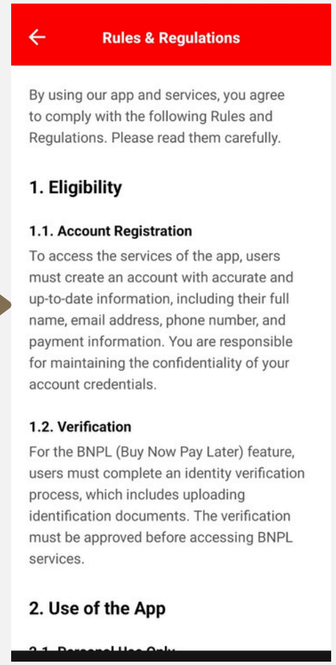
1. Information We Collect
When you use the Technest Ghazi (BNPL System) mobile application, we collect the following types of information:
1.1. Personal Information
- Account Information: When you sign up or log in to the app, we collect your personal details, including your name, email address, phone number, and profile picture.
- Payment Information: For BNPL services, we collect information regarding your payment method, billing information, and payment history.
- Verification Documents: Images and documents you upload for verification purposes, such as front and back images of an ID and selfies.
1.2. Non-Personal Information
- Usage Data: We collect data about how you use the app, including your interactions with the platform, device information (e.g., device type, operating system), and IP addresses.
- Log Data: Our servers automatically log



About Us
Technest Ghazi (BNPL System) is a revolutionary mobile application developed by a team of BSIT students at the College of Arts and Sciences (TCAS), Sialkot, with the aim of transforming the e-commerce experience in Pakistan. Our team, consisting of Abdul Manan, Muhammad Bilal, and Zaighum Abbass, worked diligently on this project to bridge the gap in the Pakistani market for Buy Now, Pay Later (BNPL) services.
Our Journey
Our journey began with the realization that many consumers face financial constraints when shopping online, particularly when it comes to purchasing electronics. Traditional payment methods often limit the ability of customers to buy the products they need, and we wanted to find a way to make shopping more accessible. This led to the creation of Technest Ghazi, a platform that allows users to shop for their desired products while offering flexible payment options like BNPL and Cash on Delivery (COD).



Rules & Regulations
By using our app and services, you agree to comply with the following Rules and Regulations. Please read them carefully.
1. Eligibility
1.1. Account Registration
To access the services of the app, users must create an account with accurate and up-to-date information, including their full name, email address, phone number, and payment information. You are responsible for maintaining the confidentiality of your account credentials.
1.2. Verification
For the BNPL (Buy Now Pay Later) feature, users must complete an identity verification process, which includes uploading identification documents. The verification must be approved before accessing BNPL services.
2. Use of the App
